330 Use & Care
337 Cutlery dimensions chart

Our love for life, family, friends,
and healthy food has inspired us to
create fine stoneware collections
that combine quality and design
with the best techniques in ceramic
craftsmanship.

We produce innovative and sustainable
stoneware made from the best natural
resources in Portugal.

We embrace handmade and
preserve our European heritage
in manufacturing our stoneware
collections.

From tableware to moments, *inspire your table.*

At our core, we believe that a beautifully set table brings people together. More than just tableware, our collections create spaces where family and friends gather, share stories, and build memories that last a lifetime.

From stoneware to linens, cutlery to glassware, we design not just for the moment, but for the memories that follow - always with sustainability in mind.
Crafted with care and conscious materials in Portugal, our products honor European tradition and the environment, so that your moments are as lasting as they are responsible.

Every detail, perfectly curated

Cutlery

Crafted from premium 18/10 stainless steel, our cutlery combines durability with refined design, making it ideal for everyday use. In 2026, COSTA NOVA introduces three exclusive Designer Cutlery Collections - distinctive creations designed to complement our stoneware lines while pairing seamlessly with any tableware you already own. This landmark year also brings colors and innovative finishing techniques, adding unmatched character, elegance, and versatility to our portfolio.

Glassware

Our glassware, made with purpose in Europe, tells a story of tradition and innovation. From handmade glass to machine-made techniques, each piece reflects thoughtful craftsmanship. For those who care about the planet, we offer recyclable glassware designed to minimize environmental impact.

Linens

Crafted from the finest natural fibers in Portugal, our linens are sourced and produced through sustainable methods. We proudly support small and family-owned businesses, certifying that each piece reflects quality, care, and a commitment to people and the planet.

Cork and Wood Collections

Portuguese cork, a highly sustainable material, is harvested without harming the tree, while our premium oak wood is renewable, biodegradable, and non-toxic. Each piece varies in tone and grain, making it uniquely yours. These natural elements reflect our commitment to blending design with nature and honoring the landscapes we cherish.

Meet the designers

Torres Euracini

A Portuguese designer from Póvoa de Varzim with decades of experience in ceramics. With a degree in Industrial Design and specialized training, he began his career in the 1990s. His designs, primarily for COSTA NOVA and the Costa Nova Industria Group, are renowned for their innovation, creativity, and sustainability. Loved worldwide, they have transformed the ceramics industry.

Carsten Gollnick

Carsten Gollnick, born in 1966, is a German designer who has operated his own studio near Berlin since 1997.

His globally recognized portfolio spans a wide range of product and interior designs, from lighting objects to tableware collections. For COSTA NOVA, Gollnick designed the Nótos, Âmbar, Coastland, Resonance, and Escada ceramic collections, and Ramo and Sen cutlery collections, showcasing his innovation and mastery in creating sophisticated, timeless pieces.

Christian Tortu

A French designer deeply inspired by the wild beauty of nature. His designs, influenced by his upbringing in the Anjou region, reflect the untamed essence of the natural world. Tortu's work, ranging from floral arrangements to scenography, has been celebrated internationally, including at Cannes and for fashion shows with Chanel and Dior. Riviera and Marrakesh are among his creations for COSTA NOVA.

Laetitia Rouget

A French designer raised in a family of porcelain makers, now based near Lisbon. After studying at Central Saint Martins, she ventured into ceramics, textiles, and painting. Her playful and colorful creations blend French charm, London's quirky edge, and Portuguese warmth, infusing joy and humor into everyday life. Her inspiration led to the creation of the Summer Bliss collection.

Sen

Sen is a cutlery collection designed by Carsten Gollnick for COSTA NOVA. It features a minimalist, architectural, and sensorial design.

Sustainable Stoneware Sustainable Industry

We manufacture in Portugal, using the best local natural resources, which minimizes our ecological footprint. Our original formula results in a unique ceramic body with a special bonding between the clay and the glazed surface, making our products more durable – as they are resistant to thermal and mechanical shocks. This means our stoneware doesn't chip or scratch easily, and it can withstand high temperatures. It also means it has a longer lifespan, compared to more fragile ceramics, reducing the frequency of replacement and the associated resource consumption.

Eco-design

Our designers play a key role in promoting sustainability in stoneware manufacturing. We minimize the environmental impact of our products by considering form, ergonomics, aesthetics, and durability, while **optimizing the use of resources** like clay, glaze, energy, and water. All products are made to be eco-friendly, reusable, and recyclable, with minimal waste during production.

Packaging

Our packaging is 100% plastic-free and recyclable, using only non-hazardous dyes. To reduce waste, we developed **Ecocard**, made from crushed internal cardboard waste, used in 15% of our boxes. Our boxes are FSC certified (75% recycled cardboard), sealed with recycled paper tape, and designed to be reusable.

Ethical Business Pratices

We are committed to high ethical standards across all operations, ensuring full compliance with EU regulations. Regular audits, conducted by both official regulators and independent auditors, verify these standards. We also ensure that all employees receive **fair wages** above the required minimum.

Energy efficiency

We prioritize **energy efficiency** by harnessing 1180 kW of solar power, enabling our newest factory to run entirely on self-generated energy during daylight. The remaining factories operate with a combination of solar and other renewable sources. Our kilns are 15% more efficient than even the most energy-efficient kilns on the market, thanks to our innovative closed-circuit system that reuses heat. Additionally, our single-firing process further minimizes energy consumption and CO2 emissions, and we are leading the way in Europe by testing hydrogen-powered firing at an industrial scale for utility ceramics.

Waste management

The waste we generate is mindfully managed. 99% of our waste is either recycled or reused within our production process. **We transform excess materials into new products** and recycle waste from our factories back into new stoneware. With **Ecogres®,** we created a new material made from recycled clays and glazes, as well as waste materials from nearby industries.

Water treatment

In addition to our reducing consumption practices, 100% of our water is carefully treated and reused for internal cleaning processes or reintroduced in our production process.

Each one of our factories is equipped with an industrial **waste water treatment plant,** complying with EU standards.

We recycle all of our factory's excess clay into brand new dinnerware, therefore limiting transport emissions.

Ecogres®

From the earth to the Earth

At COSTA NOVA we are committed to making stoneware even more sustainable. In partnership with the University of Aveiro (Portugal), we developed Ecogres®, a new raw material created by collecting, recycling, and reusing clays and glazes from our operations, along with waste materials from nearby industries.

The result is Ecogres® (ecogres), a reinvented clay made entirely from recycled materials.

Stoneware

Not all stoneware is created equal, and COSTA NOVA's stoneware is definitely different. Manufactured in Portugal, a country with a long standing ceramic tradition, the know-how used to produce COSTA NOVA's stoneware is not easily found elsewhere. Resistance, durability, and innovative and distinctive design are just a few features that set our stoneware apart, making it both recognizable and unique.

Clockwise: Square ramekin 10 in white. Mug 32 cl in white and turquoise. Coffee cup and saucer 9 cl in white with tea cup and saucer 22 cl in turquoise. Dinner plate 27 in turquoise with soup/pasta bowl 23 in white.

Alentejo

The Alentejo collection celebrates the peaceful feeling of the southern Portuguese landscape, filled with vast plains and olive trees. With gently flowing edges and soft glazes seamlessly mix and match both dinnerware and oven to table complements, adding warmth to any table, whether indoors or out.

Arenito

Handcrafted exclusively from COSTA NOVA's innovative recycled clay formula - ecogres - Arenito seamlessly combines functional design with a deep commitment to eco-consciousness. Arenito started as a collection of coffee cups and bowls, but it naturally grew into a full and diversified range that now includes dinnerware pieces, along with a variety of espresso cups, lungo cups, latte bowls, and poke bowls - offered in six soothing colors. Each piece features a matte glaze on the interior while retaining its unglazed underside, a distinctive detail that easily imparts an artisanal aesthetic to the collection.

Hand-painted in a small Portuguese *Atelier*

Each and every rim of the Beja collection (red & blue) is hand-painted in a small, family-owned atelier. Each piece is placed on a turntable which, as it spins the artist touches it with the brush, and begins to form what becomes Beja.

STYLE - HERITAGE

SPECIAL FEATURES AND HIGHLIGHTS

Design inspired by old enamel dinnerware.
Hand-painted fine rim with a striking glaze.
Combines vintage style with a modern update.

Botanica

Botanica mimics hornbeam and oak leaves with a golden coating that makes this collection perfect for gifting, decorating, and hosting. But beyond its beautiful look, Botanica represents the beauty found in nature's processes: hornbeam leaves stay on the tree during winter to provide protection, while oak leaves gracefully fall, making way for new growth and symbolizing renewal.

Brisa

The warm breeze that blows from the east and cascades along the Algarve coast with fruity aromas and the flavors of Ria Formosa was the inspiration for this collection. The blended white and blue glazes and organic shapes transport us to the intricate landscape of lagoons, canals, salt works, and sandy beaches stretching across deserted islands. Brisa adds light to every gathering and turns any table into a memorable experience.

Glass tableware is a more interesting addition than it might seem at first.
Serving food on glass pieces gives plating a whole new dimension, opening up creative possibilities by revealing what lies beneath - be it the table surface, a tablecloth, or even a stoneware plate.
It invites playful layering with shadows, reflections, and textures, creating an aesthetic that feels both refined and comforting.

STYLE - COASTAL

SPECIAL FEATURES AND HIGHLIGHTS

Crafted with a blend of white and blue reactive glazes.

Each piece is truly one-of-a-kind so the tones may vary.

Features organic shapes that provide a fresh twist on traditional dinnerware.

Inspired by Mediterranean aesthetics.

Elegant glass pieces made to combine in many ways.

Clockwise: Soup/cereal bowl 16 in white with Pearl dinner plate 28 and salad/dessert plate 22 in cream. Cristal

The Cristal collection takes inspiration from the intricate patterns of exquisite crystal craftsmanship, as its name aptly suggests. This tactile and sophisticated collection transcends the ordinary, creating a striking presence on any table. The patterns of Cristal in white are revealed through its reactive finish, while Cristal Nacar reflects the natural, refined hues found in seashells.

Echoing the charm of the crystal pieces often found in our grandmothers' homes, these new glassware items write a fresh chapter in the collection, bringing heritage and modernity together at the table.

STYLE - HERITAGE

SPECIAL FEATURES AND HIGHLIGHTS

Textured and sophisticated shapes.

Natural nuances reminiscent of seashells combined with a reactive glaze.

The white color showcases a reactive glaze that highlights the cream clay and the texture of each piece.

Dori

With two beautiful glazes inspired by the blue shades of the Atlantic Ocean and the natural colors of beach shells, the Dori collection is all about happy, carefree summer days. It features fish-shaped serveware and appetizer items that are both functional and decorative.

Lisa

Lisa is a very special collection. Its irregular, organic shape gives it a handmade feel, with forms that are natural and free flowing, often asymmetrical. These shapes can resemble elements found in nature, such as the curves of leaves or stones. The brushed rims give each piece a casual, earthy, and artistic feel, contributing to a more relaxed and interesting table.

Lisboa

Taking inspiration from the Portuguese blue and white tiles of the 18th and 19th centuries, Lisboa adds sophistication to any dinner table. Its intricate beauty is highlighted when paired with a simpler set. Each piece/set from the Lisboa collection comes with a stylishly simple and eco-friendly gift box. With its iconic Portuguese design, Lisboa pieces are perfect as a standalone or when used to add striking contrast to a usual white tableware.

GIFT COLLECTION

All items in the LISBOA collection are packaged in a craft paper cardboard gift box.

STYLE - HERITAGE

SPECIAL FEATURES AND HIGHLIGHTS

Inspired by 18th- and 19th-century Portuguese tiles.
Ideal contrast to traditional white tableware.
Finished with a beautiful blue craquelé glaze.

Clockwise: Salad/dessert plate 22 and fruit bowl 13 in white. Salad/dessert plate 22 and mug 36 cl in matte black. Salad/dessert plate 22 and soup/cereal bowl 15 in champagne yellow. Serving bowl 26 in mauve rose.

Livia

Nested in elegance, Livia presents itself as a modern approach to tableware. Each piece features an organic look and feel over two contrasting glazes - a lustrous (white) and a matte reactive glaze (black, mauve rose and champagne yellow). Handcrafted and designed to inspire our senses, this complete collection has all the elements to enhance any gathering.

STYLE - HERITAGE

SPECIAL FEATURES AND HIGHLIGHTS

Combines sophistication with a farm-to-table look.

A 25-year-old classic design.

One of our oldest (and cherished) collections.

Clockwise: Salad/dessert plate 22 and soup/cereal bowl 16 in sand beige. Dinner plate 27 in sea blue with Eivissa salad/dessert plate 22 in sea blue. Mug 44 cl in sand beige. Dinner plate 27 and soup/pasta bowl 24 in sea blue.

Mallorca

The Mallorca collection captures the natural landscape of the famous Mediterranean island, a haven of turquoise waters, soft golden sands, and impressive cliffs. Mallorca shares its DNA with our Eivissa collection, featuring reactive glazes of sand beige and sea blue patterns. Yet, its soft and scalloped edges suggest a more exquisite look. Combine both collections for a casual and ecletic look.

Marrakesh

Created by the French floral artist, Christian Tortu, the Marrakesh collection harmoniously blends sustainable craftsmanship, nature's essence and Moroccan mystique. Beyond its harmoniously design, what truly makes Marrakesh remarkable is its commitment to sustainability. Crafted by skilled artisans using ecogres, our innovative recycled clay, each piece is a fusion of artistic excellence and eco-consciousness. The collection presents a selection of delicate floral forms, inspired by the wonders of the Majorelle Gardens.

[nótos]

For his first collaboration with COSTA NOVA, the renowned German designer Carsten Gollnick took inspiration from the aesthetic world of Portuguese Atlantic coast, and created a distinctive tableware collection in fine stoneware. The remarkable color contrasts and structures of the Portuguese Atlantic coast, especially the border between water and land, was his source of inspiration.

Nova

COSTA NOVA's iconic Nova collection stands out as a symbol of beauty and authentic craftsmanship. This collection draws inspiration from nature's organic shapes, with fluid lines and asymmetrical forms that mimic elements such as tree bark, seashells, and other natural materials. The result is a range of dinnerware that reflects the honest simplicity of the natural world, making each piece unique. The collection features translucent glazes accentuated by hand-brushed rims, enriching its distinctive aesthetic. The COSTA NOVA logo on each piece serves not only as a decorative element but also as an emotional emblem of the brand's heritage.

resonance

Resonance is a statement collection and a milestone in the brand's story, as it represents the brand's first expression in porcelain. Designed by the German designer Carsten Gollnick, this collection reaffirms the power of white tableware and an innovative dare, as its forms are not typical or easy to conceive in porcelain. The Gold rim transforms each piece into a quiet statement of elegance, ideal for celebrating life's special moments with understated luxury.

RODA

Roda is a modern and elegant collection by Torres Euracini. Each piece is thoughtfully designed to exceed expectations in adaptability and efficiency. The word “Roda” originates from the Latin “rota,” used by the Romans to describe things that move in circles. In Portuguese, “Roda” refers to any circular formation or gathering, symbolizing the act of bringing people together. According to the designer, this concept inspired the collection’s name: “By gathering everyone around the table, in a circle of friends, we awaken the joy of sharing flavors, experiences, and stories filled with emotions and shared memories.”

Rosa

Inspired by the Romantic period, the Rosa collection flows with the reflection of love. The feminine cutouts and silhouettes create a sense of contemporary, casual elegance, achieved by a manual process. The hand-painted rim and edges bring these classic elements to the forefront, allowing them to be reimagined through a modern perspective. Pure and simple cherished memories leave us enchanted at every gathering.

Silvina

Silvina is a collection that tells a story. It begins with its name, honoring the grandmother of COSTA NOVA's founder and recognizing Portuguese heritage, as the name Silvina brings to mind tradition. Inspired by 16th-century Palissy ceramics, where texture is prominent, this collection emerges as a sensory experience for the table, in both dinnerware and serveware pieces. Ideal for rustic settings, its white glossy glaze also works beautifully to contrast with more modern or sophisticated spaces.

Our coffee story

Coffee has a deep-rooted history in Portugal, dating back to the 18th century. The *café* culture in Portugal is about more than just the coffee itself; it's about socializing, spending time with friends, and enjoying the relaxed atmosphere of the local cafés. It's a cherished tradition deeply ingrained in the Portuguese way of life. At COSTA NOVA, we hold a deep appreciation for coffee's global significance in various cultures throughout history. Over the years, we've crafted a wide array of coffee cups in diverse shapes, colors, and collections to celebrate every coffee moment.

Grespresso Nature

This eco-friendly trio was designed with sustainability in mind. Grespresso Nature features three espresso cups and three lungo cups, each beautifully presented in three colors. What sets these cups apart is their unique combination of raw materials and of unglazed and glazed surfaces. Two of these cups are made of ecogres, while the third is made from stoneware, recognized as one of the most sustainable ceramics globally. This trio will pleasantly surprise guests with a touch of contemporary good taste.

Poterie

The Poterie Coffee Cups are a new chapter in our Coffee Story narrative. Each cup presents a reactive glaze that is attentively applied to the edge, allowing the glaze to drip naturally down the sides, resulting in a finish that makes every piece unique. In Portugal, where coffee breaks are valued, this artistic and carefully controlled - yet delightfully unpredictable - decoration process guarantees that each cup tells its own story, much like the conversations shared over a warm espresso.

Cutlery

At COSTA NOVA, our cutlery is made from premium 18/10 stainless steel. Each piece undergoes a meticulous process that blends ancestral know-how with contemporary innovation. The use of 18/10 stainless steel ensures durability and resistance to corrosion, while the thickness of the material contributes to the robustness and perfect balance of the pieces. The manufacturing process is meticulous and largely manual, with each piece passing through the hands of expert craftsmen - true artists and sculptors, not just factory workers.

In this edition, we celebrate artistry and heritage in cutlery design. The new Ramo and Sen collections by Carsten Gollnick embody elegance and precision, while Douro draws inspiration from Portugal's terraced vineyards and showcases traditional craftsmanship. We also introduce a contemporary touch with new colors and finishes in Mito and Nau, blending timeless design with authentic character.

NEW COLLECTION

Douro

The Douro collection is inspired by the iconic terraced vineyards of the Douro Valley. These schist stone terraces, known as “socalcos vinhateiros”, were carved into the steep hillsides over centuries, allowing for the cultivation of vines in one of Portugal’s most dramatic landscapes. Douro features wavy, ergonomically shaped handles and a classic, timeless silhouette. Available in polished and vintage brushed finishes, it captures the enduring charm of traditional craftsmanship while remaining effortlessly stylish.

Polished (POL)

STAINLESS STEEL 18/10, 4 MM, VINTAGE FINISH (VTB), POLISHED FINISH (POL), SOLID HANDLE. **MADE IN PORTUGAL.**

Inside the Collection

Crafted in Portugal using traditional methods, the collection is available in both polished and vintage brushed finishes.

It's the kind of cutlery that might have been stored in a grandmother's cupboard, carrying a story of its own. Each piece is finished by hand, where authenticity matters more than perfection.

Vintage Brushed (VTB)

A FÁBRICA
The Art of Cutlery Manufacturing.

At COSTA NOVA, the cutlery manufacturing process combines careful selection of 18/10 stainless steel, precise blanking and forming, optional forging, meticulous grinding and polishing, handle attachment, decorative finishing and a rigorous quality control.

Every piece of cutlery passes through the hands of master artisans, where skill and care transform metal into functional art.

STAINLESS STEEL 18/10, 6 MM, BRUSHED FINISH, RESIN HANDLE. **MADE IN PORTUGAL.**

Inside the Collection

Mito now comes in two new soft colors - Mint and Cloud Grey - adding two perfect shades that complement the COSTA NOVA stoneware collections. The handles, extremely comfortable and distinctive, elevate any table setting and are a pleasure to use.

Cru (CRM)

Cloud Grey (GRY)

A FÁBRICA

Produced in Portugal, a country renowned for its expertise and tradition in the cutlery manufacturing.

Resin is a practical choice for everyday cutlery. It's resistant to scratching, chipping, and impact, and stays at a neutral temperature, making it comfortable to hold.

Its non-porous surface doesn't absorb water or stains, which makes it easy to clean. When well-made, resin handles can also withstand dishwasher use without damage.

Nau

Striking, solid, and full of character, the Nau cutlery design draws inspiration from the Portuguese “nau” ships of the Age of Discoveries. Like the vessels themselves, this collection embodies both strength and personality. Originally available in four finishes - Brushed, Polished, Copper, and Gold - Nau now introduces two exclusive new ones: antique-inspired, brushed, and gently worn (Antique-Black and Antique-Brown). These new finishes bring an added sense of the COSTA NOVA spirit to the collection.

Antique Brown (ABR)

STAINLESS STEEL 18/10, 3.5 MM, BRUSHED FINISH (BRS, GLD, COP), POLISHED FINISH (POL), ANTIQUE FINISH (ABK, ABR), PVD COATING (GLD, COP, ABK, ABR), SOLID HANDLE. **MADE IN PORTUGAL.**

NEW COLLECTION

Ramo

Ramo cutlery combines exclusivity, sculptural design, nature-inspired elegance, and superior functionality. Designed by Carsten Gollnick for COSTA NOVA, it is available in three finishes - Polished, Brushed, and Black. Its luxurious, sophisticated, and distinctive design makes it ideal for creating striking and aesthetically pleasing table settings. While it complements any existing tableware, Ramo was specifically designed to harmonize with COSTA NOVA styles.

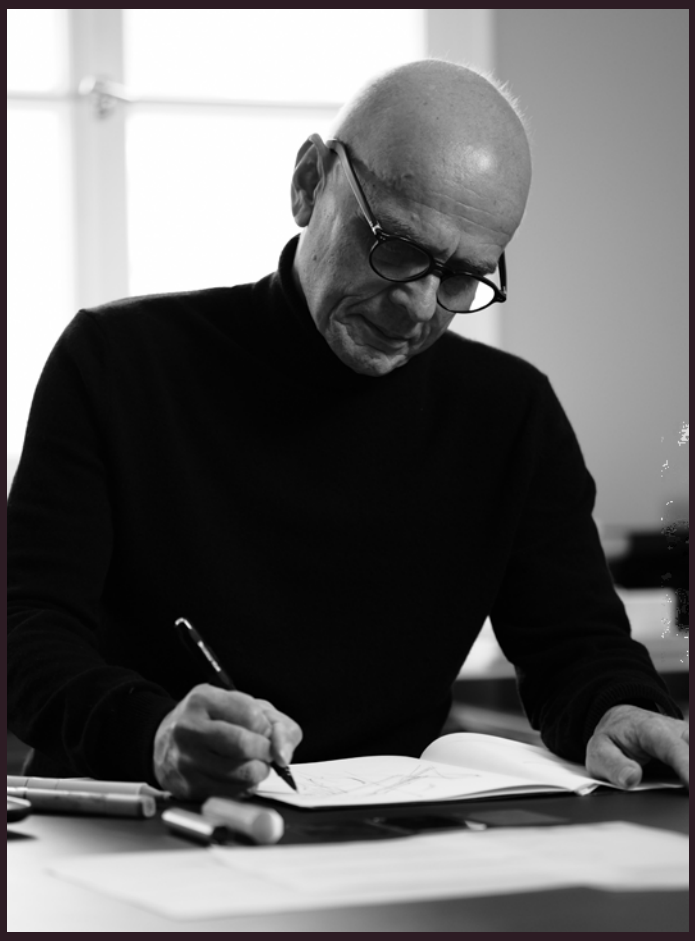
Brushed Black (BLK)

by carsten gollnick

STAINLESS STEEL 18/10, 5 MM, BRUSHED FINISH (BRS, BLK), POLISHED FINISH (POL), PVD COATING (BLK), SOLID HANDLE.
MADE IN INDONESIA.

The Vision of Carsten Gollnick

Ramo is a designer collection, thoughtfully curated for the table.
With a thickness of 5 mm, it is exceptionally solid, offering maximum strength, a luxurious look and feel, and perfect balance in the hand - substantial without being heavy.



“

Designing cutlery is a great challenge for me as a designer, and one that I enjoy. It is a pleasure that I savour. It is a fact that cutlery is literally ‘held’ when in use. It is an important extension of the hands and an aesthetic aid in the process of dining. For me, cutlery is not just a tool, but also an aesthetic instrument that is inextricably linked to the fascinating world of table culture. Many aspects of ergonomics and functionality have to be combined with an inspiring design language.
During this design process, which always begins analogously for me, I thought a lot about natural structures in the plant world.

I naturally start the design process for Ramo analogously. This means that I create a large number of drawings and nature studies of branches, twigs and floral structures. I carried out an abstraction process in several design steps. The result: three-dimensional cutlery.

Ramo is my attempt to combine elegance, function and nature in an aesthetic tool.

Here, branch knots, ramifications and tense natural structures form a functional sculpture. I made sure that the stainless steel material was both functional and aesthetically pleasing. I deliberately designed the shape to soften the hardness and severity of the stainless steel. To achieve this, I made the lines and surfaces appear more natural without making them look too soft.

Brushed (BRS)

Polished (POL)

It was particularly important to me that the Ramo cutlery harmonises naturally with the COSTA NOVA range – with its nature-inspired stoneware collections and interesting natural-coloured glazes. I deliberately paid a lot of attention to the surface variations, matte finishes and colour tones.

NEW COLLECTION

Sen

Sen is a cutlery collection designed by Carsten Gollnick for COSTA NOVA. It features a minimalist, architectural, and sensorial design - bold yet delicate, modern, and distinctly geometric. With a thickness of 5 mm, it provides a luxurious feel, while its perfect balance in the hand ensures exceptional comfort. Sen is ideal for any setting that seeks to make a statement.

Brushed (BRS)

by carsten gollnick

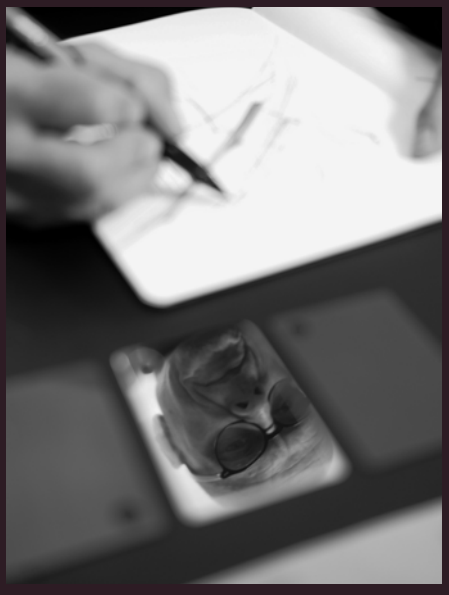
STAINLESS STEEL 18/10, 5 MM, BRUSHED FINISH (BRS, BLK), POLISHED FINISH (POL), PVD COATING (BLK), SOLID HANDLE.
MADE IN INDONESIA.

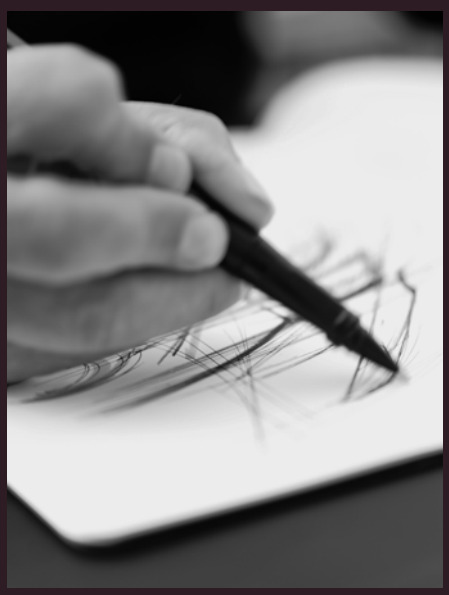
The Vision of Carsten Gollnick

“

For me, cutlery is not just a tool, but also an aesthetic instrument. Table culture and these products are inextricably linked. Here, many aspects of ergonomics and functionality must be combined with an inspiring design language.

My design intention for Sen was clear from the outset: I wanted to translate attributes such as minimalist elegance, generosity, shadow effects and fine surfaces into a three-dimensional form.
I deliberately designed Sen as an architectural and geometric collection. The result is an atmosphere of calm and restraint.





Polished (POL)

For me, cutlery is a partner to tableware and glassware in the context of use. With 'Sen', I wanted to design a partner for calm, elegant, minimalist and material-conscious tableware and glassware.

The materiality of stainless steel and the effect of the surfaces and materials are strikingly emphasised by the long and dominant handle sculpture. It was important to me that the surface quality was right and that the style surfaces had a high-quality, silky sheen.

With Sen, I deliberately wanted to make a strong design statement.

Brushed Black (BLK)

My wish was to combine architectural elegance, self-evident function and urban style in an aesthetically appealing tool.

STYLE - CRAFT

Each piece in these collections is unique, with natural variations that reflect the handcrafted manufacturing process.

Handmade Glass

Our glassware collections are hand-finished by some of the world's most talented glassmakers in Europe, famous for its heritage in glassmaking. Passed down through several generations, some of the processes, especially mouth-blown glass, continue to involve ancient skills that bring life to delicate, handcrafted pieces.

Cork collection

Portugal produces around 50% of the world's cork supply. Harvested without harming the tree, cork is an eco-friendly choice, suitable for protecting surfaces while supporting sustainability. Cork pieces bring a natural warmth to the table, and beyond their aesthetic beauty, they offer countless practical advantages. Naturally antibacterial and water-repellent, cork resists moisture and prevents mold, making it the best option for kitchen use.

Leather collection

All the pieces are vegetable-tanned, one of the oldest and most environmentally-friendly methods of leather tanning. Based on the use of traditional techniques developed over centuries, the vegetable tanning process results in leather with unique features handcrafted to age beautifully and made to last a lifetime.

SUSTAINABLE FAUX LEATHER PLACEMATS FOR THE DINING TABLE

Crafted from bio-based faux leather and available in four contemporary soft matte colors, our Sela placemats not only safeguard your table or counter but also infuse your dining space with visual interest. These placemats are made with over 30% renewable plant-based content, ensuring their environmental friendliness and sustainability. Furthermore, by incorporating copper nanoparticles into the raw material manufacturing process, the pacemats acquire antibacterial properties.

Riviera Collection candles, crafted with 100% soy wax and infused with a high percentage of fragrance oil, offer a rich neroli scent. They exude a blend of floral and citrus notes, combined with the sweetness of honey and subtle hints of spice. The fresh aroma of neroli, derived from the blossoms of the bitter orange tree, creates a soothing ambiance. Plus, our candles are free from animal-derived ingredients, ensuring an eco-friendly choice. The soy wax also provides a longer burn time for your Riviera candles.

Use & Care

STONEWARE

Not all stoneware is created equally. In fact, there is not a standard, universal definition of stoneware and the word is frequently misused to describe other ceramic products.

At our factories in Portugal, the ancient skills of modeling and decorating are combined with modern technology in a special process that produces high-quality fine stoneware products capable of withstanding everyday use over many years. Manufactured in a single firing system heated up to 1180ºC (2156ºF) our stoneware is very strong and durable. Its glazed surface is fully vitrified which gives it high resistance to both thermal and mechanical shock.

OVEN, FREEZER AND MICROWAVE SAFE

All pieces manufactured in fine stoneware have high thermal shock resistance, withstanding temperature variations between -20ºC and 250ºC (0ºF to 500ºF). The maximum thermal variation advised is 180ºC (350ºF). All stoneware products can be safely used in the oven, microwave, and freezer.

Recommendations:

// Avoid placing pieces straight from the oven on a cold surface.

// Do not use stoneware over a direct flame.

// Avoid using products with craquelé surfaces* in the oven or freezer (e.g., Cristal-Nacar, Dori-Nacar, Elements-Algarve, Lisboa, Madeira, Riviera and Silvina-Terracotta).

*Craquelé glaze is always reactive.

FOOD SAFE

All COSTA NOVA products meet international standards, including those set by the U.S. Food and Drug Administration (FDA) for lead and cadmium, securing they are safe for food use.

DISHWASHER SAFE

All pieces are easy to clean and can withstand abrasive cleaners due to their high durability and low porosity. Most items are dishwasher safe for daily use.

Recommendations:

// Assure items don't rub or bump against each other in the dishwasher.

// Hand wash oversized or delicate pieces.

*__PVD gold-coated__ (Botanica, Resonance, Riviera and Taormina) stoneware items: Not safe for oven, microwave, or freezer. Hand washing is advised.

*Lagoa metal's glaze should be protected by avoiding prolonged contact with acidic foods.

*Nótos' Mill is not dishwasher safe.

CRAFTSMANSHIP

All COSTA NOVA fine stoneware products are hand-finished, giving them a unique character. Any irregularities, color variations, or small imperfections are signs of authenticity, not defects.

CUTLERY

Ceramic Metal Marking Cleaner

Over time and with regular use, you may notice gentle marks on your COSTA NOVA stoneware from metal utensils. These occur because the metal is softer than the glaze. They are completely normal, not a defect, and not permanent. You can easily remove them with our COSTA NOVA metal cleaner. Your stoneware remains as beautiful and resilient as ever.

Made from high-quality stainless steel (18/10), all COSTA NOVA cutlery collections are crafted for exceptional durability and suitable for everyday use. To maintain the original qualities, we advise some extra care:

// Remove food residues after each use to avoid prolonged contact.

// For manual washing, use hot water, neutral detergent, and a soft cloth or sponge.

// Do not use abrasive or mechanical aggressive agents.

// Place cutlery in the dishwasher's basket or tray, keeping knives separate from other pieces.

// After each dishwasher cycle, dry cutlery with a soft cloth.

// Pay special attention to knives, especially hollow-handle knives, as they are sharper and more prone to oxidation. Dry them thoroughly after washing.

// To restore shine and remove stains, use a soft cloth with a few drops of lemon juice.

// Special materials like Fiber/Resin or PVD should only be washed in the dishwasher, following specific instructions: use temperatures no higher than 60ºC (140ºF) and a detergent with less than 10% phosphates.

// Keep cutlery in a dry place.

// Rehydrate resin handles with a moisturizing cream.

*Steak/Cheese Knives: Dishwasher safe, but hand washing is recommended. The wood handles will naturally change color over time, adding a charming, lived-in character.

GLASSWARE

COSTA NOVA glassware collections are made from either pressed glass or mouth-blown glass using semi-manual methods. Wine glasses, water glasses, and tumblers are dishwasher safe, but hand washing will extend their lifespan. To maintain the original qualities, we advise some extra care:

// Before dishwashing, rinse glasses in lukewarm water to remove any residues.
// In the dishwasher place glasses in the appropriate rack to avoid scratches. Set the dishwasher to 65ºC (149ºF) for washing, with a rinsing phase at 65ºC (149ºF), and a cycle of 90/120 minutes. Use the correct amount of brightener; too much can cause iridescence, and too little can leave water marks.

After the wash, open the dishwasher door slightly for 5-10 minutes to let steam escape and prevent halos on the glass due to condensation.
// Hand washing: wash glasses individually with a non-abrasive detergent, warm water, and a soft sponge or cloth.
// For drying use a microfiber cloth.

*For **oversized** or **delicate** items (such as decanters, glass domes, Gomos and Sensa sprayed colored glass, and pieces from the Tosca recycled glass collection), hand washing is recommended.

TABLE AND KITCHEN LINENS

Made in Portugal from high-quality natural fibers, our linen collections are durable, easy to use, and simple to care for. They can be machine washed and ironed according to each fabric's specifications. While some 100% cotton items recommend a gentle washing cycle, they can safely withstand a regular cycle - this precaution helps preserve the fibers.
All items display a "no dry cleaning" symbol, though they can tolerate gentle professional cleaning if needed; this guidance is included because harsh solvents can damage the fabric.

COMPLEMENTS

Cork & Cork/Recycled Eva

COSTA NOVA cork accessories are made from either 100% cork (Cork, Modern Storage and Redonda collections) or 20% cork/80% recycled EVA (Cork collection). Recycled EVA is a byproduct from sole production waste, making it a recycled and eco-friendly material.
To maintain the original qualities, we advise some extra care:
// For daily cleaning, use a soft, dry cloth to remove impurities.
// When needed, use a moistened cloth, but do not soak.
// Store away from sunlight, moisture, and heat sources.
// Avoid strong alkalis, as they can dissolve cork.
// Although food contact is safe, avoid smoke odor and taste transfer.
// Do not place food directly on the surface.
// Store away from sunlight, moisture, and heat sources.
// Avoid strong alkalis, as they can dissolve cork.
// Although food contact is safe, avoid smoke odor and taste transfer.
// Do not place food directly on the surface.

COMPLEMENTS

BIO-BASED FAUX LEATHER

Contains 30% renewable plant-based content and incorporates copper nanoparticles with antibacterial properties.

LEATHER

Handcrafted in Portugal, our leather accessories are vegetable-tanned using one of the oldest and most eco-friendly methods.
This process results in durable leather that ages beautifully over time.
To maintain the original qualities, we advise some extra care:
// Wipe clean with a damp cloth.
// For maintenance, occasionally rub with appropriate oil.

WOOD

COSTA NOVA wooden accessories are handcrafted in Portugal from premium quality woods. Natural variations in tone and grain make each piece unique. To maintain the original qualities, we advise some extra care:
// Handwashing is recommended.
// Wipe wood pieces with a damp cloth; do not soak.
// Use mild dish detergent when necessary.
// To maintain the wood's original qualities, occasionally rub with food-safe mineral oil.
// Use boards and boxes for dry food only.
// Re-treat wooden items over time with food-safe wax or oil. Avoid scented oils, as it can go rancid. Walnut oil, flaxseed, coconut oil, and linseed oil are good options.

Additional care:

01 Never place wooden accessories in the dishwasher or leave them soaking in water.

02 If edges become fuzzy after contact with water, lightly sand with fine-grit sandpaper and moisturize with wood oil or wax.

Others

METAL

Clean with a moistened cloth when necessary; dry immediately after cleaning to prevent moisture damage.

HORN NAPKIN RINGS

Clean with a moistened cloth.

TEAPOT INFUSERS

Dishwasher safe, but hand washing is recommended. Rinse immediately after use to remove tea leaves, and wash as soon as possible. Avoid using harsh cleaning agents. Dry immediately after washing and store in a dry place.

TERRACOTTA (EARTHENWARE)

Handmade and hand-painted in Portugal by artisans, slight design and color variations are normal. Earthenware is low-fired and tends to "craze" with repeated use, which is natural and does not significantly affect the ceramics. Most items are dishwasher safe if handled with care, but handwashing will extend the product's lifespan. Not recommended for microwave or freezer use.

Bath collection

We've designed a collection of stylish, durable bath complements to enhance the guest experience. With nine distinct sets to suit a range of interior styles, each piece is dishwasher safe, easy to maintain, and made from sustainable materials in ethically run factories in Portugal.

// Zinc Alloy: Resistant to corrosion, wear, and impact. Wipe with a soft, damp cloth, using warm water and a mild soap if needed.
// Easy to maintain: All stoneware items are dishwasher safe.
// Avoid: Harsh chemicals (bleach, ammonia, or strong disinfectants) and abrasive cleaners or metal scouring pads.
